

KMLObject

```
classDiagram
    Camera --> AbstractView
    AbstractView --> KMLObject
```

A UML class diagram illustrating inheritance. At the bottom is the 'Camera' class. An arrow points from 'Camera' to 'AbstractView' in the middle. Another arrow points from 'AbstractView' to 'KMLObject' at the top. All class names are in a serif font and enclosed in rectangular boxes with thick black borders.

AbstractView
