

KMLObject

```
graph BT; LabelStyle --> ColorStyle; ColorStyle --> SubStyle; SubStyle --> KMLObject;
```

The diagram illustrates a vertical hierarchy of four classes. At the base is 'LabelStyle', which points up to 'ColorStyle'. 'ColorStyle' points up to 'SubStyle', which in turn points up to 'KMLObject' at the top. Each class is contained within a rectangular box with a thick black border, and the relationships are indicated by vertical arrows pointing upwards.
