

KMLObject

```
graph TD; KMLObject --> SubStyle; SubStyle --> ColorStyle; ColorStyle --> LabelStyle;
```

The diagram illustrates a class hierarchy with four levels. At the top is 'KMLObject', followed by 'SubStyle', then 'ColorStyle', and finally 'LabelStyle' at the bottom. Each level is represented by a rectangular box with a thick black border. The boxes are arranged vertically, and each lower box has a vertical arrow pointing upwards to the box immediately above it, indicating that each lower class inherits from the one above it.
